Dear Sir/Madam,

**REF;- APPRECIATION FOR THE ITEMS RECEIVED**

On behalf of the Jamia Medical Centre Board, we as a facility really appreciate the Donation of the following items received from you; -

1. Solar vaccine fridge
2. Solar panel

The donated items will really assist us on improvement of service delivery to our clients as we were having a shortage of fridges at the facility and only one source of power which was a major challenge to us.

May God bless you and we hope that the cooperation existing between us will be of benefit to all of us including the clients we serve.

Kind regards
